

# I-215 / Holland Road Overpass

**CONSTRUCTION IS STARTING!**

DECEMBER 2022 - SUMMER 2024

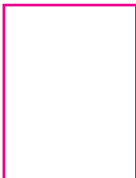

The long-awaited Interstate 215 (I-215) Holland Road Overpass is a key Capital Improvement Program (CIP) project to improve east/west access across Menifee. Population growth in Menifee and the surrounding communities is increasing traffic demand on the neighboring I-215 crossings at Newport Road and Scott Road, and the new, four-lane Holland Road bridge will address this demand.

Check out the website [hollandoverpass.com](http://hollandoverpass.com) for project details.

29844 Haun Rd.  
Menifee, CA 92586
